

# Can you sync your PC and mobile bookmarks?

They can't.

We can.

Only SmarTone-Vodafone gives you the true Internet on your mobile with a clever little way to help keep both your PC and mobile bookmarks on the same page.

Finally, the true Internet...Right on your mobile. Right Now.

See the difference at our stores or visit [smartone-vodafone.com](http://smartone-vodafone.com)

SmarTone

see you there
