Indoors and outdoors
broadband is everywhere

\$**188**
/month

- * Add at least \$208 per month for your residential broadband line
- * Add an extra \$18 per day when you access the HSPA network – and you most likely will – because Wi-Fi hotspots simply can't be everywhere
- * Add to that a 30-month contract

It all adds up doesn't it?

smartone-vodafone.com

SmarTone-Vodafone Mobile Broadband gives you your very own personal broadband with unlimited use for one single price.

Indoors and outdoors, upstairs and downstairs, on the MTR, the ferries and even inside tunnels. All on one super fast, ubiquitous HSPA network. That's all we have to add.

Another way we get you closer.

SmarTone
